REVENUE RECEIPTS-TOBACCO EXPORTS-THE NEW IRON BRIDGE ON THE PATERSBURG RAILROAD-INCREASED RECEIPTS OF THE ROAD - DEDICATION OF A CATHOLIC CHURCH -OTHER MATTERS.

[Correspondence of the Richmond Dispatch.] JUNE 26, 1880. The internal-revenue receipts in the Petersburg district for the week ending to-day were light, amounting to only \$10,097. The exports of manufactured tobacco from this city for the week ending to-day were 32,359 ounds-also light.

The iron bridge now in course of erec-tion over the Meherrin river at Hicksford, on the Petersburg and Weldon railroad, will be completed in about two weeks. The work is being pushed forward as rapidly as possible. The structure, which is a very substantial and handsome one, is built under contract by Messrs. John G. Clarke & Co. at a cost of about \$15,000. It is 288 feet in length, stands above the reach of floods, and rests on strong and solid granite abutments, and is of the latest-improved patent. This road is now in fine condition from end to end, and will compare favorably with any road in the State. Under the management of the receiver, Captain R. G. Pegram, many miles of the track has been taid down in new steel rails, and the road-bed is well

The indications are that it will be filled by the 1st proximo. The fare here is excellent, the management unexceptionable, and nothing is left undone for the comfort of visitors. Richmond, Chatham, Norfolk, Danville, Lynchburg, Baltimore, New Hampshire, Tennessee, and Louisiana are represented; and there is a universal feeling of satisfaction among the guests. The first grand ball tion among the guests. The first grand ball of the season takes place here on the evening of the 5th of July, and on the afternoon of that date the Fourth—the glorious Fourth—will be appropriately celebrated on both sides—that is, the glories of the republic and the advances of Old Paradach. He and the advantages of Old England will each have a boom from selected speakers.

This county votes on subscription to the Richmond and Southwestern railroad on the 3d of July, and the intelligent opinion is that it will carry. The finest portion of Bedford (the south side) is utterly without railway facilities, while the north side has wo lines of communication; yet Southside Bedford constitutes two thirds of the county

in wealth and population. Crops here are promising. The wheat and grass are barvested and yield a fair average. The oat crop needs only one more rain to nsure its good yield, while the corn is looking well, but also would be improved by rain. The area in tobacco is reduced.
